Perception Lab · study report

Report created: 10/4/2026, 6:48:36 PM

Open this file in a browser to read or print it. The report includes every recorded trial, independently of the preview selections.

Saved study · Brightness & context

Fixed reference: 117 RGB.

Median match	Match range	Median difference
147 RGB	**81–203 (122 RGB-code steps)**	**+30 RGB-code steps**

Three recorded matches

Trial	Starting value	Recorded match	Difference from reference
1	16	81	-36
2	240	147	+30
3	109	203	+86

Recorded settings

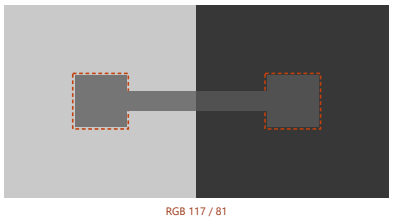
Setting	Recorded value
Background difference	65%
Center gray value	117 RGB
Surroundings	Visible
Surrounding order	Swapped

The median is the middle of your three matches; the range spans their lowest and highest values. These describe this small set of drawing matches, not a score. Try another study with different surroundings to compare your impressions.

Recorded trial 1 · Brightness & context

10/4/2026, 10:01:00 AM

Recorded drawing



Left RGB 117; right RGB 81. Difference: -36 RGB-code steps.

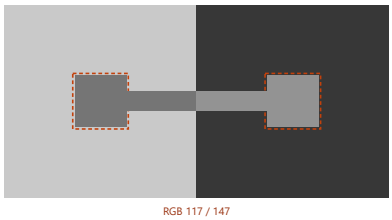
Recorded impression: Left

Observation note: <img src="https://invalid.example/author.png" onerror="window.__authorExecuted=1" > <script>window.__authorExecuted=2</script> & "quoted" <svg/onload=alert(1)>
Recorded trial 1: Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of thi

Recorded trial 2 · Brightness & context

10/4/2026, 10:02:00 AM

Recorded drawing



Left RGB 117; right RGB 147. Difference: +30 RGB-code steps.

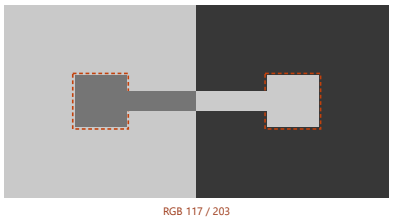
Recorded impression: Same

Observation note: <img src="https://invalid.example/author.png" onerror="window.__authorExecuted=1" > <script>window.__authorExecuted=2</script> & "quoted" <svg/onload=alert(1)>
Recorded trial 2: Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of thi

Recorded trial 3 · Brightness & context

10/4/2026, 10:03:00 AM

Recorded drawing



Left RGB 117; right RGB 203. Difference: +86 RGB-code steps.

Recorded impression: Right

Observation note: <img src="https://invalid.example/author.png" onerror="window.__authorExecuted=1" > <script>window.__authorExecuted=2</script> & "quoted" <svg/onload=alert(1)>
Recorded trial 3: Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of this 500-character note is retained. Every word of thi

The difference records your visual match under these settings. Remove or swap the surroundings to see whether your impression changes. Different people, displays, and viewing conditions can give different matches.
